

1955, 1956, 1957 Thunderbirds

Chapter 46 C.T.C.I.

Club members meet for breakfast every Saturday morning at 8:45am at the Southern Recipe Café in Richardson on the south side of Campbell Road just east of Coit Rd. Join us for breakfast!

The Big "D" Little Birds Classic Thunderbird Club was formed in 1972 to band together owners and those who have an interest in the classic automobile.

The purpose of the Big "D" Little Birds Classic Thunderbird Club is the appreciation, preservation, restoration, proper use, maintenance and enjoyment of the 1955, 1956 and 1957 Classic Thunderbirds through club outings, our club newsletter, weekly breakfasts, monthly business meetings and CTCI events.

Attached is the membership form for the Big "D" Little Birds. This can be completed and sent to the Club Treasurer along with a check for \$35.00 (full year dues), \$18.00 (half year dues after July 1st), or \$9.00 (after October 1st).

The cars referred to as "Classic Thunderbirds" were produced by Ford Motor Company in the model years 1955, 1956 and 1957. These were the first three years that Thunderbirds were made and these were the only two-passenger "Birds". Total production of all two-passenger "Birds" was 53,166. By year, there were 16,155 of the 1955 Thunderbirds manufactured, 15,631 of the 1956 models, and 20,380 of the 1957 models. There is estimated to be approximately 70% of the cars still in existence.

We are a chartered chapter #46 of the Classic Thunderbird Club International (CTCI) based in Signal Hill, California. Membership applications are available to join CTCI at www.ctci.org. In addition to our local events, our members attend regional and international conventions.
